## INVITATION

*The Romanian Society of Ethnopharmacology (SRE)  
has the pleasure of inviting you to  
the 5<sup>th</sup> Ethnopharmacological Symposium  
with International Participation  
whose topic is of the important and current  
researches in the field of  
**human health and the environment***

*Our aim is that the scientific papers presented in this  
symposium to make an important contribution to the  
research regarding the use of the natural products to  
increase the health of the population and the health of the  
environment*

*Topics addressed:*

- Medicinal and aromatic plants in the European area and their sustainable use
- Preservation of medicinal plants (including endemic) from spontaneous flora – by ecological means that show consideration to environment, protected areas and biodiversity;
- Ethnopharmacology and the preservation of the CREATION values (plant garden, sacred tradition of the “Sânziene” night, organic agriculture, GMOs between good and evil)
- Technological and laboratory studies for promoting the biologically active substances in pharmaceuticals, food supplements and cosmetics.
- Clinical results in promoting the biologically active substances. Performance and limits in phototherapy, nutrition, aromatherapy and phytocosmetics ;
- Wholesaler/Retailer – role of responsibility in the relationship producer-consumer in the natural products field
- Relevant European laws and regulations.
- Monographs of the Romanian Traditional Pharmacopoeia
- Presentation of laboratory equipment and modern techniques of analyses

*We look forward for your paper work and we thank you  
for your commitment in the objectives of our association.*
